If a child does not meet the minimum attendance requirement, the client will be responsible for payment of absent days. Court ordered visitation could also be covered as long as documentation is provided to the client’s caseworker.

- To claim absent days the provider must document “Absent” in the appropriate line on the billing form and include the rate in the total amount claimed.
  - Do not put dashes “---”, or leave claimed absent days blank, these days will be denied.
  - All days must be documented and claimed in the math area before the rate will be paid.
How Rates Are Determined

- The rates paid by Cherokee Nation for child care are determined by the following factors:
  - Star status of the facility
  - Setting in which child care is provided (child care center, family child care home or relative provider)
  - Child’s age
  - Unit type that is approved (full-time, part-time, or special needs)
- It is agreed and understood per your licensing contract that the “Provider” will not charge the clients amounts above the rates specified in the CN rate schedules for the daily rate paid by the CN, nor increase the copayment above the amount determined by the CN.

Termination notice

• Client and Provider will receive a closure letter with termination date for each child.
• The termination date is the last day the provider can claim.

  • Please be aware that any termination date received for a child voids the expiration date on the approval notice.

The Provider’s letter will not include a reason for termination. The client does receive the information, but it is at their discretion to share.

Age Changes

• When a child has an age change, their rate will not decrease until the following month.
  – For example, child’s birthday is March 12th, their rate will not change until April 1st.

• Children turning 13 years of age are eligible for services through the end of that child’s certification if the child care provider continues to provide care for the child.
  – Special Needs cases, the child is eligible for services until the end of the certification after turning 19 years of age.
Special Needs

• **Special needs rate** (ages 0 to 19 years of age). To request a special needs rate, the child must meet the definition of a child with disabilities and the child and provider must meet certification requirements following completion of the special need application. When the child qualifies, the special needs rate is effective the first of the month following special needs approval. A special needs rate, when approved, is paid in addition to the rate paid for a typically developing child of the same age.
Special Needs (cont.)

• Moderate special needs rate: child care providers receive an additional $16 for a full-time day and an additional $6 for a part-time day.

• Severe special needs rate: child care providers receive an additional $28 for a full-time day and an additional $10 for a part-time day.

• It is the client’s responsibility to request a special needs application.

• It will be at the discretion of the child’s Physician to determine the child as Severe or Moderate.
Policy Reminders

- If a child requires additional care during the day due to school closings (ex: PT to FT), the provider is required to document “school out” on that specific day on the contract billing form.

- If a child requires additional care during the day approved (ex: PT to FT) as a result of a parent not sending the child to school for safety reasons, the provider is required to document “school emergency” on that specific day on the contract billing form.
Policy Reminders

• When a child is gets out of school for summer break, the client must contact their Subsidy Caseworker to request full-time care.

• We encourage the client to notify the Subsidy Caseworker as soon as they know the child’s last day of school for summer break or upon there return to school after summer break in order for the provider to bill and be paid the correct rate.
Please keep this in mind......

• Please allow 2 weeks from the day you mail or drop off your Batch forms to call the office to look for your checks or direct deposits.

• Billing staff process billing EVERYDAY and have NO CONTROL over when your payment will be released from accounting.

• Do not expect to be paid at the same time each month.

• When calling to inquire about a billing form please have the batch number available.
Confidentiality Policy

- It is our responsibility to secure the privacy of our clients and providers. We must have a signed Release of Information form on file prior to disclosure of any information.
